

## ***Subwoofer - PULSAR TAW 1500 A***

Two 22 cm cast magnesium bass units produce an extremely clean, powerful and low bass. These bass drivers are supplied by a newly developed active unit. This sub-woofer includes an infinitely variable active cross-over unit, designed to help you adjust the unit to suit your room and your existing satellite speakers. It also features satellite outputs with high-pass filters, and offers an output of 125 Watts into 4 Ohm.
