

## Floorstander - CRITERION TCI 3R

### [Specifications](#)

The **TCI 3 R** is our smallest high-end loudspeaker, but even this small model still features the same extremely sophisticated cabinet construction based on laminated moulded wood. Its depth is relatively large, and this enables it to accommodate a multi-folded transmission line. This neat trick expands the volume available to the bass driver, and generates an unbelievably deep, clean and dry bass. The newly developed 180 mm bass units with their oversize magnets and coils feature carbon fibre cones which are capable of reproducing even the largest peak signals accurately. The lightning-fast mid-range unit is the ideal choice for this small speaker, and the annular super-tweeter is the perfect complement to its qualities.

The speaker's technical features include separate cross-over units and terminals, and are no less impressive than those of the large floor-standing versions. The TCI 3 R includes level adjusters for the treble, mid-range and bass, and completely separate FSR crossover units for bass and mid-range with separate terminals.

### **Specifications**

<i>Principle</i>	3 – way – transmission-line floorstander
<i>Nominal power rating</i>	140 Watt
<i>Music power rating</i>	180 Watt
<i>Impedance</i>	4 Ohm
<i>Frequency response</i>	32 – 45000 Hz
<i>Sensitivity 90 dB/1 m</i>	2,2 Watt
<i>Bass drive unit</i>	2 x 180 mm
<i>Mid-range drive unit</i>	1 x 180 mm
<i>High-frequency drive unit</i>	35 mm
<i>Crossover unit, type</i>	FSR
<i>Crossover frequencies</i>	250 Hz, 2000 Hz
<i>Bi-Amping</i>	ja
<i>Dimensions H x W x D</i>	104 x 24 x 36 cm
<i>Weight</i>	34 kg
<i>Colours</i>	rubbed black lacquer, black (RAL 9005), silber lacquer, natural alder, natural maple, non-standard wood (extra cost option) variable Bass, MR, HF
