

Surroundspeaker - CRITERION TCI S3

The **TCI S3** constitutes yet another innovative member of the TCI family. It forms an ideal surround or rear loudspeaker, endowing the surround sound field with the essential spatial depth and width. It is intended to be a wall-mounting speaker, and is suitable for installation as a side surround speaker close to the listening position in a 6.1 or 7.1 arrangement, or as a rear speaker behind it. In spite of its shallow cabinet depth of just 12 cm, the **TCI S3** is a full-range loudspeaker with very good low bass, broad dynamic reserves and an enormous ability to operate at high levels.

The two super high-frequency units are angled outward slightly in order to generate a diffuse, indirect sound image, which works very well in many surround set-ups. The tweeters can also be connected to operate in phase or out of phase, i.e. as dipole speakers.

Specifications

<i>Principle</i>	2 – Weg – Surroundspeaker (wall mounting)
<i>Nominal power rating</i>	90 Watt
<i>Music power rating</i>	120 Watt
<i>Impedance</i>	4 Ohm
<i>frequency response</i>	35 – 45000 Hz
<i>Sensitivity 90 dB/1 m</i>	2,6 Watt
<i>Mid-range drive unit</i>	1 x 150 mm
<i>High-frequency drive unit</i>	2 x 35 mm
<i>Crossover unit, type</i>	FSR
<i>Crossover frequencies</i>	2000 Hz
<i>Bi-Amping</i>	no
<i>Dimensions H x W x D</i>	62 x 25 x 13 cm
<i>Weight</i>	9 kg
<i>Colours</i>	rubbed black lacquer, black (RAL 9005), silber lacquer, natural alder, natural maple, non-standard wood (extra cost option)
<i>Front grill</i>	black, silver HT polbar
